

UNITED REPUBLIC OF TANZANIA  
**ENGINEERS REGISTRATION BOARD**

**ERB PROFESSIONAL EXAMINATIONS**

The Engineers Registration Board (ERB) is a statutory body established under the Act of Parliament No. 15 of 1997. As one of its key activities the Board conducts professional examinations as an alternative route for Technician Engineers (holders of Higher National Diploma or Advanced Diploma in Engineering) who wish to upgrade their registration to the status of Professional Engineers.

The Board has noted that the number of Technician Engineers who have been applying for the examinations have continuously been declining hence making it very expensive for the Board to organize the examinations.

The Board would like to bring to the attention of the general public and in particular to all Technician Engineers who have not yet applied to sit for ERB professional examinations, that the Board intends to phase out these examinations. To start with, the Board will as of now conduct the examinations once after two years. The next examinations will therefore be conducted in September 2010.

By this announcement the Board would like to inform all Technician Engineers who would wish to upgrade their registration status through sitting for ERB Professional Examinations to contact:

The Registrar,  
Engineers Registration Board,  
Pamba Road,  
P.O. Box 14942,  
**Dar es Salaam**
