Engineers Registration Board (ERB)
P.O BOX 2768, Mhandisi Annex, Plot Number 13, Block "A"
Tambukareli Street- NCC, Dodoma Tel: +255 26 2960086/87

NOTICE TO THE PUBLIC

Registered Engineering Consulting Firms

Engineers Registration Board (ERB) is a statutory body established under the Act of Parliament, Cap. 63. The Board is mandated to regulate engineering practice and the conduct of Engineers, Engineering Technicians, Laboratories, and Engineering Consulting Firms. Under the Act it is illegal to practice engineering or offer engineering consultancy services if not registered with the Board.

The Board wishes to inform the general public and, in particular, consumers of engineering consultancy services that they are bound by the Law of the Land to use the services of registered consulting engineers only and that such engineers shall offer the services in the name of the firms under which they have been registered. Engineers are hereby reminded that it is unethical for any engineer to display his name on the construction site signboard. Land Developers are also required to use the services of Mechanical and Electrical Consultants (Building Services Engineers) in all high-rise buildings and names of firms engaged to offer these services shall also be displayed on the construction site sign boards.

The Board further wish to inform the public that as at 31st March, 2026 the underlisted engineering consulting firms are the only firms that can legally offer engineering consultancy services in the country.

For any clarification or inquiries contact **Registrar** via email: registrar@erb.go.tz

Issued by:

Eng. Bernard B. Kavishe
